Workers Say

COMMITTEE TO TAKE
CHARGE OF RELIEF WORK

American Legion men, inaugurateors and sponsors of the plan to establish a community chest for the relief of the community's need, enter the last week of the drive encouraged by the fact that they are nearing the goal of \$500 which they had set as a mark for Antioch's first united charities fund.

"Only \$39 is needed to round out the \$500 fund," Commander S. M. Wallace, committee chairman, declared today. "But we shall not stop there; not half the community has been cov-

Many business and professional men have not been called upon and so have not had opportunity to contribute. The work has been somewhat retarded during the week owing to the fact that Walance has been ill. His committed members have been busy with other things.

Permanent Committee Formed.

With the original drive for funds completed, the money thus raised, according to the plan announced, will be turned over to a committee consisting of members from the various community organizations. Permanent committeemen from the Legion have been selected. They are Roy, Tex C. Simms, pastor of St. Ignatius church, and Alonso Runyard. The Legion Auxiliary will be represented on the permanent committee by Mrs. Clarence Shultz and Mrs. William White. Mrs. H. J. Voe has been named for the Altar and Rosary Society of St. Peter's church. Members to represent the Woman's Club, the Ladies Aid, Ladies' Guild, and other organizations are to be selected soon, and next week organization of the permanent committee will be effected.

Big Show to Wind Up Drive.

As the grand finale to the united charities effort, the committee, with the cooperation of Manager Fred Swanson of the Antioch Theatre, has arranged to present "The Virtuous Girl," an unusual movie-talkie, at the Antioch Theatre Friday night, January 20. For this entertainment hundreds of tickets have been purchased by local people, thus assuring the success of the show.

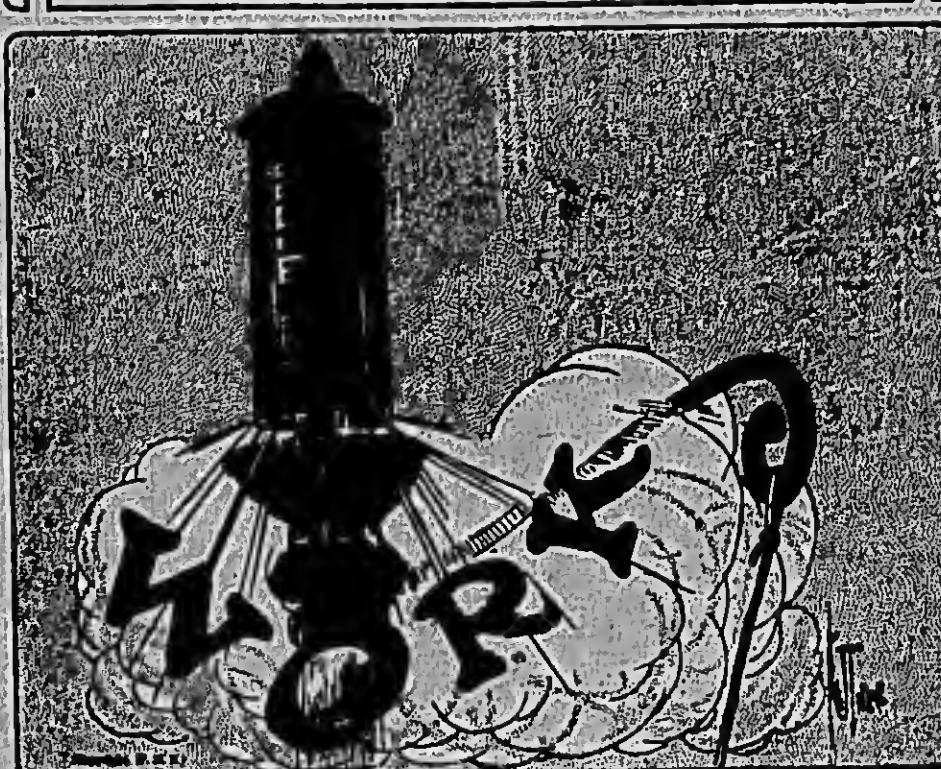

The least that Antioch people can do for the cause of charity is to spend 50 cents for a ticket to the show, the committee points out in extending an invitation to all.

Gus Schulte, who has been ill for several weeks, is now convalescing.

The Key to Normalcy

DAIRYMEN APPROVE ASSOCIATION STAND

Pres. McQueen Lauds Lake County Producers for Loyalty

Over 400 Lake county dairymen assembled at the annual meeting of District 7 of the Pure Milk Association at Ivanhoe Tuesday, assorting themselves squarely back of the management of the association.

On the nomination of Supervisor Harold D. Kelsey, of Cuba township, H. A. Pfister, of Prairie View, director and treasurer of the association, was unanimously re-elected director of district 7 for the ensuing year. Other district officers re-elected were Chas. W. Wray, of Grayslake, president; Whitney Rockenbach, Wauconda, secretary. John Wirtz, of Maudoliol, was elected vice-president, and William Chandler, treasurer.

Lake County is Loyal.
The recent dissension at meetings at Lake Zurich and Grayslake was discussed, and it was flatly stated that the attitudes shown at these meetings were not at all a true expression of the sentiment of Lake county toward the association and its management; that the price reduction of 40 cents per hundred which passed 35 cents of the cut back to the farmer was unfortunate, but inevitable in the face of circumstances; and that the association had done all in its power to maintain the price, and without the fine work of this organization the price cut would undoubtedly have come much sooner, and have been much larger than it is. As a further proof of Lake county's loyalty to the mother organization, a resolution of apology for previous dissension was tendered, and a vote of confidence in the board of directors and management was unanimously passed.

President McQueen, who was present and addressed the meeting, expressed his warmest appreciation of the loyalty and good sportsmanship exhibited by the milk producers of Lake county.

ELECTION, FUN AND SPEECHES FEATURE AT FARM MEETING

The election of officials of the Lake County Farm Bureau and County Farm Supply Company is occupying the attention of those assembled at Grayslake today. The boards of directors are also being elected.

A combination of entertaining and educational features has been arranged for the day's program. The women's unit will receive impetus for further organization by the speech of Ruth Black, organizer for the Lake County Home Bureau. An address will be given by R. L. Merchant, manager of the Illinois Farm Supply Company.

Big Show to Wind Up Drive.

Retiring officers of the farm bureau are: Ed Harris, president; Wilbur Sawyer, vice president; Earl Kane, secretary; L. A. Huehach, treasurer.

Officers of the Farm Supply Company are: Willard Darrel, president; William Fink, vice president; D. H. Minic, secretary; Ed Harris, treasurer.

Mrs. Emil Stelskal returned this week after spending several days visiting her parents in Albany, Ind.

Mrs. George Bacon is in Ringwood, Ill., caring for her mother, Mrs. William Dodge, who is ill.

Harold Rudolph, of Channel Lake, recently accepted a position as sheet metal worker at a North Side manufacturing plant in Chicago. He spent this weekend at his home.

Miss Julia Stricker spent the weekend at her home in Madison and attended the Michigan-Wisconsin

PROSPERITY DOLLAR IS DETECTED LOAFING

The prosperity dollar, the little barker of good times, which is supposed to be working overtime in a supreme effort to blot out depression, has been caught shirking, thus revealing in what a terrible financial strait the country as a whole, and Antioch in particular, wallows. For the buck has paid out one bill in the last one-fiftieth of a year, and that when Mr. Tackles transported it to the shop of his neighbor, Powles' Meat Market.

Fortunately, this lone greenback is not the only one which brings a sparkle into the eyes of beholders, and there are some others who know what working overtime without pay really means.

Senator Courtney has announced that he intends to make no attempt to seek a vote this week on his resolution instructing the legislative reference bureau to prepare a map by March 1st, dividing Illinois into fifty-one new districts based on the 1930 federal census, as the constitution provides. Too many senators on whom the minority leader depends for votes are absent this week. Besides the legislature adjourns today until next Tuesday.

Senator Courtney declared today he expected his resolution would be adopted.

If that happens the legislative reference bureau's reapportionment plan should be sent to the senate committee on apportionment.

Carroll Introduces Bill.

First of the eighth district legislators to introduce a bill at this session was Representative William M. Carroll, Woodstock, who seeks approval of an appropriation for Fox River navigation improvements. The measure is designated as House Bill 73.

MOOSE PLAN INDOOR BASEBALL TEAM FOR LOCAL BUSINESS MEN

Village Basket Ball Teams Out of Practice; Lose All Games

An indoor baseball league will be organized by the Moose Lodge at a meeting to be held at the high school next Wednesday evening at 7 o'clock. Moose members invite all the Antioch business men to attend the meeting and join the team. The Moose Lodge, because of the numerous applications received for membership from residents of many of the neighboring towns, is planning to hold another initiation soon.

An engagement between the strong Silver Lake basket ball team and the Moose team at the high school last night ended in a 40-17 victory for Silver Lake.

Genoa City will bring two teams to Antioch tomorrow night, one to play the Moose team, the other to take on the town team. Another game will be staged between the town team and the Moose.

Wilmette Wins.

Their usually successful passing attack failing them, the Antioch town team was defeated by the Wilmette town team Monday evening, 45-35. The game was played after the high school game with Libertyville. At first it appeared that the local team would win by a small margin, but due to lack of practice during the past week, the boys were out of form, and Wilmette was able to stage a rally sufficient to conquer by 10 points. They will take on the Libertyville town team here next Monday.

The St. Peter's team, after a hard game, lost to the Gurnee town team at Gurnee Friday evening, by the score of 20-14.

"Sky-Jacker" To Cavort At Crystal Tuesday Night

"J. B." Offers Sensational Drama—The Aerial Robbery

Crime in its latest dress, the great air mail lines, will be seen at the Crystal theatre next Tuesday night when J. B. Roineur and company present "The Aerial Robbery."

"The play is a sensation," Mr. Roineur says, "and plenty of good comedy gives the production a kick that has made the story of the sky-jacker popular throughout the circuit."

As an extra added feature of next Tuesday night's performance, "J. B." announced that all high school students will be admitted at one-half price—25 cents.

The secretary of the Federal Farm Land Bank of St. Louis, Mrs. S. E. Schner, was the chief speaker at the meeting.

ASSEMBLYMEN WILL CONSIDER RE-MAPPING AND DRY REPEAL BILLS

Re-Districting of State and Liquor Bills in Spotlight at Springfield

Facing the problem of disposing of 136 bills and eight resolutions, the Illinois general assembly re-convened at Springfield Tuesday, with the bill for the repeal of the search and seizure act and Senator Thomas J. Courtney's resolution for re-apportioning Illinois legislative districts holding the spotlight of interest as the most important measures before the law-makers.

Rep. Bill Special Order.

The liquor bill was made a special order of business in the lower branch of the general assembly and will come up for vote next Wednesday. Arguments for and against the measure will be before the whole house.

Senator Courtney has announced that he intends to make no attempt to seek a vote this week on his resolution instructing the legislative reference bureau to prepare a map by March 1st, dividing Illinois into fifty-one new districts based on the 1930 federal census, as the constitution provides. Too many senators on whom the minority leader depends for votes are absent this week. Besides the legislature adjourns today until next Tuesday.

Efficiency Causes Depression, Editor Tells Men's Club

Says Results of World War And High Tariff Also Responsible

Reasons for the present depression were discussed by John Thompson, for fifteen years editor-in-chief of the Iowa Homestead, a weekly farm journal, and now editor-in-chief of the Wisconsin Agriculturalist, in an address before a group of forty men at the meeting of the Men's Club of the Methodist church last Thursday evening. "The economic and industrial depression is not confined to the United States alone," he said. "Other countries of the world are equally hard hit."

Among the reasons which he gave for the depression, were the after effects of the World War. Also he considered the high tariff rates more of a hindrance than a help to world markets.

"The efficiency with which we do things with modern machinery and scientific knowledge," he said, "has created production faster than we are able to consume what is produced. The farmer today, with modern machinery, can produce 40 per cent more in the same amount of time than he could twenty years ago. Consequently there is an over-production of farm products, as there is of manufactured products."

Following Mr. Thompson's address, a round-table discussion developed, for which the speaker remained half an hour, answering and discussing questions which were asked by members of the group.

C. L. Kuttel was chairman of the program, which was preceded by a sumptuous chicken dinner served by the ladies of the church.

The next meeting of the Men's Club will be held Friday evening, February 1, with W. C. Petty as chairman of the program.

ANTIOCH FARMERS FILL ALL OFFICES FARM LOAN ASS'N

Antioch farmers were elected to fill all the offices of the Lake County Farm Loan Association at the meeting held in Libertyville Tuesday, D. H. Minto, active farmer, living between Antioch and Millburn, was elected president; Gorm Anderson, vice president, and W. E. Drom, secretary-treasurer.

Berwyn Man Leases Naber Building; Will Open Restaurant Here

A 3-year lease on the Barney Naber building, 805 Main street, signed by Hynek Klas, Berwyn restaurateur, was announced by the T. J. Stahl Realty Company this week. Possession is to be given February 1st. It was stated, Klas, who has had many years' experience in the restaurant business in the Chicago area, plans to open a first-class cafe in the near future. Mr. Klas and family are living at 241 Hardin street, former rectory of St. Peter's church.

The Naber building has been occupied jointly by J. C. James, roaster, and the Antioch Heating Co. for the past several months.

Tailor's Goods And Building Are Destroyed By Fire

Those Possessing Clothing Before Fire Asked to File Claim

Clothing of clients amounting to about \$1,000 and personal goods valued at \$300 were totally destroyed Monday morning about 3 o'clock by fire which also ruined the building in which the Antioch Cleaners and Tailors conducted their business. The building, valued at about \$700, was owned by L. B. Grice and was covered by insurance. \$2,500 insurance was carried also on the contents of the shop by John Trusch, manager of the Antioch Cleaners and Tailors.

The fire was discovered Monday morning by Mr. Trusch, as he was returning home from Chicago at 3 o'clock in the morning. A cloud of smoke greeted him as he opened the door, and flames immediately burst forth when the air reached the blaze, which was thought to have originated from an over-heated stove, as Harry Petzko had re-filled the stove with a box of coal at 10 o'clock, according to Mr. Trusch's instructions. The fire department was notified, but the frame buildings and the contents burned too quickly to be saved, although a shed directly west escaped damage.

Mr. Trusch asks that all who had clothing in his shop at the time of the fire file their claims for loss of once, so that his matter can be settled with the insurance company.

"My future plans are still uncertain," Mr. Trusch said. "First I want to get these claims filed and straightened out, so I know where I stand."

LYONS OPPOSES "RAILROADING" BILLS

Commanding the stand of Representative Richard J. Lyons in opposing the practice of "railroading" measures through the legislature, friends of the young assemblyman have voiced approval of his vote against suspending the rules when the bill for the repeal of the search and seizure act came before the assembly last week.

Representative Lyons declares he will vote the will of the people of the eighth district as expressed at the election last November, but he also makes the assertion that he expects to stand for the measure being passed in the regular manner. Then, he declares, there will be no cause for criticism from the opposition. The wet-dry vote will come before the Illinois law-makers Jan. 28.

THE "PAINLESS" TAX GROWS PAINFUL

The gasoline tax has been considered a "painless" means of extracting revenue from the motorist.

There are signs on the horizon at present, however, which would indicate that the public is weary of being "painless" milked of its money. In the past eleven years the gas tax has totaled more than \$2,000,000,000, and it is forecast that an equal or greater sum will be collected in the next four years.

The tax began with levies of one or two cents. But now the average levy is almost four cents and increases

are being proposed in many states. Several states have diverted a share of the gas tax funds to general purposes. It is reported that a group in Georgia is seeking to have a "reasonable proportion"—whatever that is—of the gas tax funds used to reduce property tax. By exactly the same reasoning it might be advocated that the gas tax replace the income tax, the corporation tax, the insurance tax, or any other staple source of governmental revenue.

Every time we buy a dollar's worth of gas we get, in reality, about seventy-five cents worth. The rest of our dollars goes to the state. Where a four-cent tax is in effect, we must pay one cent to the government every time we drive three miles. No other commodity in general use, except tobacco, has ever been so over-taxed.

Unless the public puts a stop to the trend, it is not difficult to imagine a time when the tax will be greater than the cost of gasoline.

DAY OF RECKONING COMING

The time is ripe, in the opinion of many qualified observers, for an upset of the growing army of bureaucrats that will take us at least part of the way back to fundamental American principles of government.

The public shows signs that it is tired of being taxed, regulated and legislated to death. Most of the economic, political and social reforms that have had an enthusiastic reception in the last decade or so have been shown up for the empty things they are. They have caused, at least in part, excessive taxation, business retrenchment, depression and unemployment.

A majority of American citizens are principally interested in business and industrial progress. Yet an unorganized minority has done everything possible to make that progress difficult. Government by commission—which has been replacing government by the people—has produced sad fruits in this country.

Those theorists and "commissionists" who have flourished so strongly in recent years may be in for a day of reckoning.

TREVOR HORSE SALES DRAW CROWD

Libertyville Downs
Antioch By 8 Points

Seconds Win, 24-23; Teams to Play Palatine Fri. at Palatine

After a well-fought game, in which Antioch held their opponents during the last three quarters, Antioch was defeated by Libertyville Monday evening, 36-23. In the first quarter, the Libertyville boys piled up a 14-point lead, while the locals reduced but could not overcome before the final gun was shot.

At the half the score stood 21-11. Hughes, the solo scorer, making three baskets and a free throw. In the fourth quarter, Antioch claimed twelve points, with Fuchs regaining his usual basket-making skill. A beautiful long shot by Turk sank neatly through the net. Others scoring were Drogan, King, Smith and Knaheves.

Libertyville's high point man was the plus six foot Jamison, who scored whenever possible, particularly in the early part of the game. The seconds unexpectedly won their game from the Libertyville second string, 24-23, after a thrilling and intensely interesting game. In a preliminary tussle, the senior girls defeated the junior girls 14-8.

The Antioch squad will engage with Palatine, whose team defeated them once this season, Friday night at Palatine. The postponed game with Warren will be held either February 3rd or February 10th, depending upon the outcome of the tournament. In the event that both teams reach the tournament finals, the game will be held on the tenth.

Semester exams are being held today and tomorrow at the high school.

All high school students and grade school pupils from Antioch and neighboring country districts were given the opportunity to see "Toni Sawyer" yesterday at the Antioch Theatre at a nominal fee, when classes were dismissed a period earlier than usual to allow them to attend.

You can judge the extent and degree of a parent's authority by the age at which the kids learn to drive.

We know for a fact that there are many housewives in the Antioch rural districts who have postponed their hopes for better homes until expensive farm machinery was paid for. "Now I'm going to have some modern things," remarked one of those ladies yesterday. "We don't blame her, one bit!"

A prominent local educator says you'll find that the correspondence schools invariably leave their stamp.

If your furnace becomes clogged with soot, bring the fire up to a high temperature, and then throw in a few handfuls of ordinary salt. Allow the fire to burn several minutes with all the drafts open. If necessary, repeat at intervals of 30-minutes.

How many times, in the last year, have you needed a ladder? Stop and think it over. They're probably blamed good in vestment.

You realize how much hard wear a floor gets every time you buy a new pair of shoes. That's why we recommend hardwood floors. They stand punishment.

One Antioch lady says she has a terrible time between her husband and her furnace. Every time she watches one the other goes out.

WILMOT P.T.A. TO PRESENT "ARE YOU A MASON?" JAN. 30

Rev. Brasky Forced to Re-sign Because of Illness

The play, "Are You a Mason?", sponsored by the Wilmot P.T.A., is rapidly running into shape. What would you do if you were in the position of Frank Perry, who is masquerading as a Mason to please his wife, Mrs. Bloodgood, who is worshipful master of the lodge at Rockford, Ill., and father-in-law of Perry, appears on the scene? Many humorous complications arise when you discover there is something mysterious about the worshipful master. Father, who is in love with Mrs. Perry's wife's sister, attempts to help Perry out of his difficulty. Mrs. Bloodgood, who is very proud of her husband's Masonic connection, despairs the plot. Perry is played by Robert Harriet; Fisher, by Stanley Simon; Mr. Bloodgood, Walter Klein; Mrs. Bloodgood, Olive May; Mrs. Perry's wife, Ruth Thomas; and Rhoda Jodek. Other members in the cast include: Mildred Blood; Harvey Witzt; John Ebert; Gertrude Berry; Ruth Stoen; Florence Rankel McDougal; Lynne Sherman, and Alice Kean.

First semester ends this week. Final exams will be held on Thursday and Friday.

A move was started to organize a Pop Club, which is under the leadership of Miss Berger.

The local basket ball team was defeated January 16th, by Waterford, 11-17. The local team outlasted Waterford the last half, but their early lead was too much to overcome. Bernhoff was high-point man with three baskets and two gift shots. Waterford seconds nosed out the Wilmot seconds, 15-14. Both teams go to Gona City January 23rd.

James Carey, John Nott, William Richter, of Silver Lake; John Schlar and John Fox, of Salem, and Herman Loh, of Camp Lake, were in Milwaukee for a conference with Archbishop Stritch on Thursday. Rev. J. Brasky has been forced to resign on account of illness. Rev. Gerhardt, of Milwaukee, will fill the place until a permanent pastor has been appointed.

Mr. and Mrs. H. B. McDougall and son, Lyle, Mr. and Mrs. R. T. Button, of Silver Lake; Mr. and Mrs. George Bruel, Charles Bruel, Mrs. F. Westlake, of Camp Lake, and Mr. and Mrs. Ralph Gardner, of Burlington, left for Osage, La., on Saturday where they attended the funeral of an uncle, Arch McDougall.

Mrs. William Harm, Mr. and Mrs. Herman Frank, of English Prairie, and Mrs. John Harm, of Richmond, were Sunday evening callers at the home of Mr. and Mrs. William Vobrecht.

Historic Blarney Castle
Blarney castle was built about 1446 by Cormac McCarthy. It has walls which in places are as thick as 18 feet. The fame of this castle is bound up in the civil history of the country and the war of the Great Rebellion. The famous Blarney stone is near the top of the wall. Promises and flattery speeches delayed the surrender of the castle in medieval times and from this fact it is supposed that the tradition concerning the Blarney stone grew.

LAKE CO. SCOUT COUNCIL INSTALLS OFFICERS IN CHICAGO

A. M. Gruhl Chief Speaker at Annual Meeting at Karcher Hotel

With Arthur M. Gruhl, executive of the Racine county Council, Boy Scouts of America, and guest speaker at the annual meeting of the Lake County Council, Boy Scouts of America, as installing officers, Joseph O. Rayniak, new president of the Scout body, and other officers were inducted into office at the Karcher Hotel, Chicago, Tuesday evening.

Mr. Gruhl also installed Walter B. Durkin as vice president, and Omer Houkom as treasurer. In addition to officers named, the following were re-elected and will be inducted into their office at the February meeting of the executive council: Dr. Frederick A. Beasley, first vice president; John P. Kotcamp, third vice president; and Dr. Otto R. Thompson, scout commissioner.

Reports were given by Minard E. Ilulse, chairman of the troop organization committee and member of the Court of Honor of the Scout Council; Garret Wilson, for the finance committee, and Scout Executive Warren Blodgett. The financial report of the council for the past year showed an operating loss of \$156.65, total receipts amounting to \$5,717.39, and total disbursements to \$5,874.04. The adoption of a budget of \$7,500 for the year 1931 was recommended.

All present members-at-large of the county Scout council were re-elected and the following members were added: Maurice Mandeville, of Lake Bluff; George T. McCullough, of Gurnee; R. L. Newenham and George Phillip, of North Chicago; J. Harry Gould, of Grayslake; Carl Hyllberg, of Wauthrop Harbor; William Wobor, of Lake Villa, and Warren Conover, Walter B. Durkin, Willfred E. Hall, Rev. J. A. Fleming and Rev. F. J. Shea, of Waukegan.

Following the business session of the council, Arthur M. Gruhl, of Racine, addressed the gathering on the subject, "The Functioning of a Scout Council and its Committees." Deputy Commissioner Donald L. Hains spoke briefly of the Scout Craft Show to be given as a part of the celebration of Scout Anniversary Week in February.

Printing Is But a Small Part of the Cost

In getting out a circular, circular letter or other piece of printed matter, the paper, the addressing, the mailing easily total more than the printing. Yet, in a large measure, the results depend upon the printing.

Let me show you some economies, as I illustrate our statement.

DRIVERS' LICENSE BILL TO COME BEFORE GENERAL ASSEMBLY

Motor Club Makes Recom- mendation to Illinois Legislature

Chicago, Ill., Jan. 22.—In the expectation that it will be introduced in the general assembly in the immediate future, the legislative department of the Chicago Motor Club has mailed printed copies of its drivers' license bill to all members of the Illinois legislature.

The foreword of the booklet containing the bill stresses the point that licenses would be issued upon application without mental, physical or driving examination, except under certain circumstances.

"Unnecessary examinations as a pre-requisite to a license are expensive, burdensome and unproductive of the result desired," the club declared in part of the foreword. "The elimination of compulsory examinations of all applicants will permit the issuance of licenses at nominal cost. We favor the issuance of a driver's license at minimum expense and inconvenience, but with adequate provision for revocation and suspension. For this reason our bill is frankly directed at the small minority of reckless and

irresponsible drivers to whom are chargeable the toll of loss of life and injuries to persons and property."

The bill provides, briefly and generally, for the issuance of a license to drivers upon declaration that they are qualified in various ways to operate a car safely. The fee is estimated at 25 cents.

Revocation of a license would be for one year and would result from conviction for manslaughter arising from the operation of a motor vehicle, driving while intoxicated, fleeing from an accident, any crime punishable as a felony under the Motor Vehicle Act, driving a car while the license was suspended, or perjury committed in securing a license.

The bill also provides for a penalty comprising a fine not exceeding \$500 to be imposed upon violators of any of the provisions of the drivers' license act, and in addition thereto, upon conviction of driving a motor vehicle while a license has been revoked or suspended, imprisonment in the county jail for not more than one year.

Suspension of a license would be for six months and would result when the holder is found to be incompetent to drive by reason of mental or physical infirmities or by reason of habitual recklessness or negligence.

SYNOPSIS

CHAPTER I: Beginning a childless marriage, Ernestine Briceland, of a wealthy Chicago family, is tremendously attracted by Will Todd, youthful newspaper artist son of a retired well-to-do carpenter. Her sister, Lillian, more of the conventional type, and aware of her attitude, their father would take townsmen to the lawyer's marriage to an impecunious young girl, Ernestine, to end the affair, but Ernestine, realizing that in Will Todd she has found her afflity, refuses.

CHAPTER II: The law-making progresses swiftly, and finally, at the insistence of Ernestine's urging, they make off with away-marries. Brice- land is induced to help them. Ernestine being of age, and having had no father, would take townsmen to the lawyer's marriage to an impecunious young girl, Ernestine, to end the affair, but Ernestine, realizing that in Will Todd she has found her afflity, refuses.

CHAPTER III: The beldam night spent in Will's home, and next day the boy, who has married life in a single room in his basement, Ernestine realizes the difference her marriage has made in her social sphere, but occurs in her love, faces the future bravely.

CHAPTER IV: John Poole, Will's best friend, successful though dissipated, gives a birthday party for Ernestine and Pastano's homeward resort on the part of the bootlegger and gang leader, irritates him. His criticism of Will for bringing him into his place, he delegates the task to a friend, Tommy Tucker, explaining that he must see Pastano, who has drunk too much to his home. Ernestine is hurt and indignant. The situation is saved by the appearance of Loring and Lillian, who are fond of her whereabouts and with whom she leaves the party.

CHAPTER V: Reapproaching him for leaving her "funeral," he is carrying for Poole, Will takes an attitude which awakens Ernestine to the reality of her new life. She is conscious of approaching motherhood, and in anticipation of the event, opens a small savings account.

CHAPTER VI: Will's father dies suddenly. A suggestion that a funeral be held from the Brice-land house, Tom's house, being small, meets with refusal. Ernestine's deep sorrow, though her father was one of the obituaries. He offers Ernestine a place, which she declines. He paused at the foot of the wide stairs that led to the balcony.

"The last door, on the left side of the balcony," he said to her in a low voice, and Ernestine went up the stairs, half frightened with this secrecy, walked forward again, toward the street, passed indifferent employees, and opened an unmarked door, entered a private office, and closed the door behind her.

Ruby Pastano was standing by the green-curtained windows, looking down into the street through a tiny slit he had open with his finger. He turned to her.

"Ernestine!"

"Mr. Pastano?" She did not know whether she was relieved or more frightened. At least, here was some one familiar.

"Will you shake hands with me?"

He came to her, big, sober, non-committal and offered her his hand. Ernestine laid her hand in his big thick palm and noticed, as she did so, how extraordinarily long his fingers were, as he took her hand in both of his.

"I've been wondering all the way over here, who it was that had sent for me," she said nervously. "I did not expect to see you—I don't know what I expected. I had a dreadful dream last night, and I've been frightened and nervous all day."

"Sit down, won't you?" the voice, silky, soft, as always, bad in it a note of gentleness that went to Ernestine's heart. In spite of her formal and set prejudices against Ruby Pastano,

He drew up for her a chair upholstered in red plush, and she sat down, upright, ready for flight, on the edge of it. He seated himself before her on the empty desk.

"I didn't want you to come to my office, and I didn't want to go to your home, but I felt, that I had to see you, Ernestine," he said gently, "do you believe that I am Will's friend?"

Ernestine felt that the occasion was momentous. She told herself thrust back from the ordinary conventional judgments of her class and generation to something more fundamental. She answered naturally, honestly:

"Yes," she said, "yes, I do."

"Good," he said. "I've done many foolish things in my life, although I've done plenty that were dangerous—but for my own gain! But I'm going to do something for you now. I'm going to give you a chance to do something for somebody else. All last night I couldn't sleep, knowing that the plans that are coming forward today would hurt you. I know that I must work some change if it were possible. I wanted to take into account the existence of little Ernestine, knowing that I must at least give her her chance."

"What do you mean, Ruby?" she asked, her thoughts turning to Will. How could he be involved with this man? He had never had any contact with Pastano except the free contact of friendship. He had never had a favor from him.

"No," he said, reading her thoughts, "not Will—but Loring—your sister's husband, Loring Hamilton. Did you know that he is ruined?"

"Loring—ruined?"

Ernestine was busy with her family and household all morning, but with a sense of troubled foreboding in her heart. She went to the phone two or

"I'll tell you, if he is fool enough to talk, that I have ruined him. I tell you that he ruined himself. He's in debt, he's in trouble, and she's under the shadow of an indictment—for bribing witnesses in federal court—serials business, Ernestine."

"You mean—the grand jury? But how did this happen? Tell me, please."

"I cannot tell you everything. It's a long story, and involved, and besides, it's unusual and unnecessary. I can give you a few facts. A week ago today your brother-in-law was secure. His security was dependent on his obedience. He had placed himself deliberately in a position where he had to do as he was told; in return for all that he had—and wanted. A week ago he decided to take a step that had been in his mind for some time. I knew that it was there. I was expecting it. Loring decided that he would break faith with me, cash in on his knowledge and eat the tea. He was thirsting for the water that he carried, but could not drink."

He paused, and the red of anger burned in his cheeks.

"Tell me," she whispered. "What can I do?"

"He put his hand in his pocket and took out his big silver watch. Laying the flat of his palm upon it, he twisted it, unscratched the back of the watch and took from between the outer and inner cases a small piece of paper, folded once across. He sat, his dismembered watch in one hand, and the piece of paper in the other, and said to her:

"I know that you have your own standards of honor—I have exposed myself in this talk, knowing your code. But now, I must ask you if you are capable of secrecy. No one but Will must know of this. He must know."

"I promise," she said at once.

He put the folded paper in his hand, and kept his finger upon it, so that it remained closed.

"There is a name here. This afternoon, within an hour after this bank is closed—before four o'clock, to be exact, twenty thousand dollars, in cash, must be placed in the hands of this person, and the indictment against Loring will be dropped."

Ernestine was very pale. "A bribe," she said, her throat dry. "But that's wrong."

Ernestine got to her feet.

"But, Ruby—how can you do this to Loring? He does know things about you—"

"Very little," answered Pastano evenly. "Fragments—nothing whole. Part of this deal—part of that. His own activities will suffice much worse in court than his connections with me. Do you think I am fool enough to put myself in jeopardy with a man like Loring?"

Ernestine made a little move, and began to speak quickly, vehemently, with a strange sternness and justice in his face:

"He came to me—he sought the connection—he was eager for any work. He offered to do things for me that I wouldn't let him do. He was well paid, and he didn't play the game. His

"ing now?" she said eagerly. "You have changed your mind—you have some plan?"

"No," he said slowly, "no, not I. I have no plan to save Loring Hamilton. I have no desire to save him. I would not lift my little finger for Loring Hamilton. It is inevitable that he should fall, should be punished. Even if I wanted to do something for him now, I could not. His treachery is known to others as well as to myself. Money is needed. If I should withdraw money from my own private sources, or if I should withdraw money from funds that are available for gifts, when it is necessary, it would be constantly known. No—in the first place, I don't want to help Loring. If he were my own brother, I would feel that he must follow his course alone. Nor could I help him, even if I liked, but—"he looked at her intently so that for a moment it seemed that she was lost, hypnotized by his great dark eyes—"you can help him if you like Ernestine."

"Tell me," she whispered. "What can I do?"

EXPLODE PRACTICE OF BOILING VEGETABLES FOR HOURS

Sun-Ray Foods Are Served in Variety of Ways in Modern Homes

That old saw, that carrots will make one's cheeks red and eyes bright, like many others, has a grain of truth to it. If vegetables are eaten consistently, and variety added by making use of as many kinds as possible (not favoring the cheerful, carrot to the exclusion of all others), rosy cheeks and bright eyes will become apparent.

Many children dislike vegetables, and must "learn to like them." To encourage your boys, tell them that the importance of vegetables in the diet of football players is particularly emphasized by Notre Dame stars.

Vegetable Day Coming

February 5th is the date! We are going to have a Vegetable Parade on Vegetable Day. The nation and county have their "Days" galore so let's have one all by ourselves for the women of Antioch township and neighboring townships. We'll run a mutual benefit exchange through the columns of the News. Perhaps your mother knows some appetizing German method of preparing vegetables, or some one else may be an expert in Norwegian vegetable cookery. Remember that date—February 5th—when we will conduct a Vegetable Page, with a recipe from every one who sends in. If too many are sent in for one week, it will be continued the next. There is only one rule: All contributions must be in the News office by Monday, February 2. Address Woman's Page Editor, Antioch News, Antioch, Ill.

Just why are vegetables so necessary? Because, to keep healthy, abundant supplies of calcium, phosphorus, iron, iodine and vitamins A, B, C, D and E are essential. All of these will be found in a generous variety of vegetables, supplemented by fruits, milk, cheese and eggs.

Bulk to the digestive tract is supplied by vegetables, which also neutralize harmful body acids.

Cooking Methods Changed.

Most Antioch housewives are fully aware of the need of vegetables, as evidenced by the "boiled" dinners served to their families periodically. However, there are a few erring ladies who still believe in long boiling.

Cooking makes some vegetables more digestible, but most of them are better raw, as in salads. In cooking vegetables, the least possible water should be used, and they should be cooked only long enough to make the woody fibre tender. Much water dissolves out the mineral salts, and long cooking makes them strong flavored; turns them dark, and destroys their vitamins. Baking or steaming are the best methods of cooking vegetables.

Summer vegetables should be cooked on the same day they are gathered. Look them over and wash well, cutting out all decayed parts. Keep water boiling until done. When cooking green vegetables add salt last few minutes of cooking.

Potatoes—Boil 25 to 40 minutes.

Turnips—Boil from 50 to 60 minutes.

Beets—Boil from 1 to 2 hours before peeling.

Parsnips—Boil 30 to 50 minutes.

Spinach—Boil 20 to 30 minutes.

Onions—Boil in 2 or 3 waters, 45 to 60 minutes.

String Beans—Boil 1 to 1½ hours.

Shell Beans—Boil 30 to 60 minutes.

Green Corn—Steam 10 to 15 minutes, or boil 5 to 6 minutes.

Green Peas—Boil in as little water as possible 30 to 45 minutes.

Asparagus—Boil 20 to 30 minutes.

Winter Squash—Boil 20 to 40 minutes in small quantity of water.

Cabbage—Boil 45 minutes to 2 hours.

Broccoli—Boil 15 minutes.

Variety Asparagus.

Among the many dishes which might be served, in season, and some of them out of season, are: Creamed asparagus, asparagus on toast, boiled or pickled beans, creamed asparagus, oyster plant, creamed cauliflower, plain or creamed—boiled, creamed sweet potatoes, baked tomatoes, boiled or creamed cabbage, cold play, sauerkraut, peas in milk, or creamed peas, potatoes cooked every way, ham, green, or baked beans, parsnips, corn, Brussels sprouts, etc.

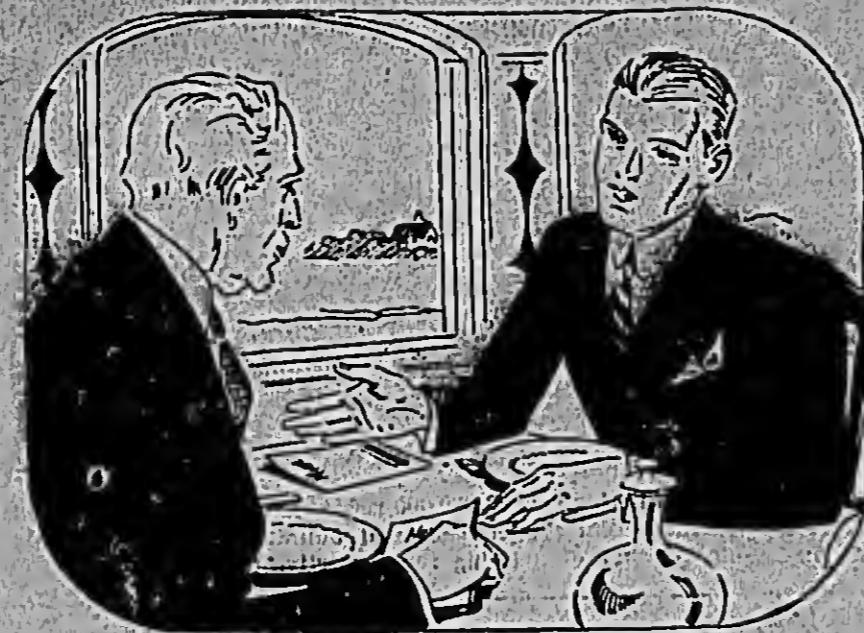

Spinach

Pick over carefully and wash thoroughly in several waters until every bit of sand is removed. Put into large kettle and add very little boiling water, about 1/2 cup. Young spinach does not need any water. Boil until tender, or about 25 minutes. Drain thoroughly, chop fine and drain again. Season with salt and pepper, and garnish with slices of hard boiled egg.

Jellied Vegetables

Soak one envelope, strained in 1/2 cup cold water 10 minutes. Add 1/2

Better Breakfasts

HOW often you have heard a man in a dining car or restaurant tell at length exactly what he has for breakfast every day in the year. He goes over it with great gusto, and solemnly assures you that it never varies. That's all right if it satisfies him and doesn't interfere with his health, but with the change in the weather, or these cool days, we want something with substance to it, something cheering and filling and different from our regular routine.

Here's a suggestion that has at least one touch that can't be classed as an "old reliable," and basing the merit on plenty of fruit.

cup vinegar, 2 cups boiling water, ½ cup sugar and 1 teaspoonful salt. Strain, and when mixture begins to thicken, add any left-over vegetables on hand, such as string beans, peas, beets, chopped cabbage, a few stalks of celery, a little cucumber or pepper. Turn into a mold first dipped in cold water and chill. May be served with or without mayonnaise and lettuce.

psychological effect. For example:

Yellow, as I stated before, is like the sun or artificial light in appearance.

Because of this, yellow is called light, and it enters into any color scheme, giving a feeling of light, cheer, buoyancy, and life. Dark rooms

can be made livable by means of yellow wall paper, with lighter, softer yellow ceiling.

A Different Breakfast Dish

Beat one egg and one egg yolk slightly, and add one-fourth teaspoon salt and three-fourths cup evaporated milk. Dip eight slices of bread, cut rather thick, in this, and fry in hot butter or in drippings in a skillet. This makes eight slices and is sufficient to serve four.

Hot Apple Sauce: Add two tablespoons sugar and one-half teaspoon cinnamon to contents of No. 2 can apple sauce, and heat to boiling. Serve this, instead of syrup, with the French toast.

Red is Life-Giving. Red is suggestive of blood and fire. Blood, as it relates to the life-giving or vitalizing force in man, which makes him think more quickly, which arouses his passions and creates ideas of warmth and irritation. Nevertheless, if used in small areas, red, if skillfully used, in spite of its aggressive nature, brings out a quality of warmth and inviting hospitality not to be despised. Thus if one tames red by the use of white, black, blue, or its complement, which is green, one has some very lovely units and shades. Among these are different shades of rose, pink, and violet, which can be used beautifully in wall decorations, drapes, rugs, and upholstery.

LAKE CO. WOMEN ASKED TO ENTER GARMENT CONTEST

Meat Canning Also a Part; Institute to Be at Decatur

The Household Science department of the Illinois Farmer's Institute is going to have a contest exhibition of "made-over garments." Four prizes will be given. The winners will be decided by competent judges on the basis of suitability, attractiveness, originality, economy of time, and cost of "findings and bindings."

Four or five sentences should be typed or written and fastened to the garment, telling what it is made from, also the cost to remake, such as threads, bindings, trimmings, etc. Too much emphasis will not be placed on the underlined finish. A homemaker may enter as many garments as she wishes. However, only one prize will be awarded a person.

Entries will not close until noon of the first day, allowing delegates or visitors to bring garments with them when they come to the state meeting, but entries sent by mail or express should be sent to Made-Over Contest, c/o Farm Bureau Office, 404 S. Water Street, Decatur, Ill., so they will arrive not later than Tuesday, February 17, 1931.

Name and address must accompany the garment and be clearly written.

For returning garments, enclose in the package a self-addressed envelope with sufficient stamps to cover return postage of article.

Meat Canning

The Household Science department is also sponsoring a meat canning contest. This contest is open to every woman and girl in the state of Illinois. A contestant may make three meat entries—the entries to be chicken, turkey or any fowl, beef, veal, lamb, mutton, pork, sausage, fish, meat soups, or any other meat product. All entries must be submitted in clear crystal glass quart jars. Specimens of canned meat entered in this contest will be judged with relation to their pack, neatness, texture, and flavor.

A slip should be pasted on the bottom of each jar—giving name of the product and name and address of the exhibitor. The jar should be well packed and shipped by parcel post or express, prepaid, c/o Farm Bureau Office, 404 S. Water St., Decatur, Ill., in order to reach there not later than February 17, but if the exhibitor prefers to bring it, she may have until noon of February 18. Jars will not be returned.

TOPPY'S TRAVELS

Synopsis: Toppy leaves his home to follow his canary, who flies away. After many adventures, he escapes from the hands of the Pillows, and with the aid of his friends, Mr. Frog and Toy, the dropdown, he secures a key which will give power to his Queen. Mr. Frog is hurt and Toppy, while hunting for food, is forced to lie quietly under some branches, because Pillow guards come into the garden where he is lying. Continue—

Toppy lay so still that his arms and legs and neck ached terribly, but he was too frightened to take the chance of moving, ever so slightly. He still clung to the worms, although he hated them.

He heard a sudden noise which startled him, so that he almost jumped up. Before he could turn, the familiar voice of Toy sounded in his ears, commanding him to be quiet.

Toppy could scarcely hear what his friend was saying, he spoke so softly. "We were worried because you didn't come, so Mr. Frog sent me to look for you, if you were only as small as I am!"

Toppy had always been proud of being a big sturdy boy, when he had lived at home, and when he had been fighting for the Queen. But now, he too, wished that he could be so small that he would be almost invisible.

"Don't say anything," Toy continued. "I'll go back to Mr. Frog and tell him that you are still safe. Good luck." He went away, as quickly as he had come.

"Will those guards ever stop looking and go away?" Toppy wondered, uneasily. He wondered, too, whether Mr. Frog would be growing weak because he had no food.

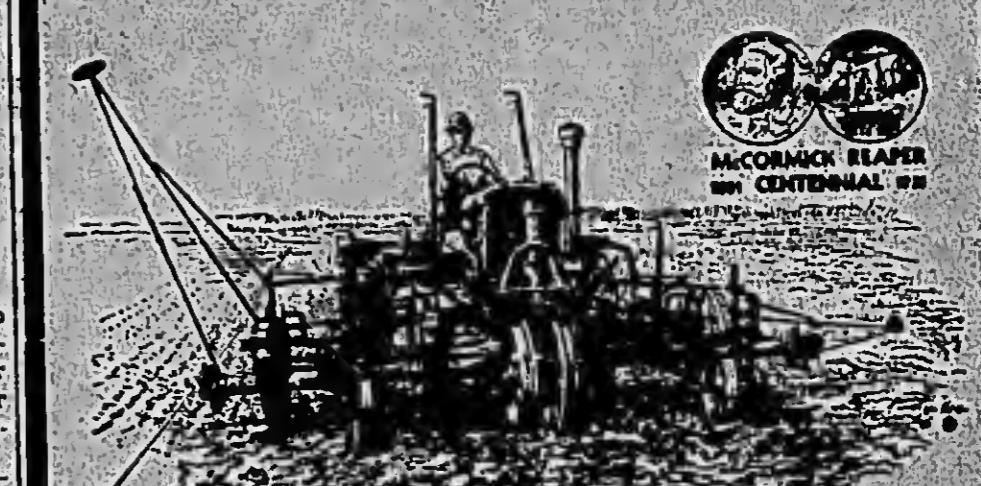

"I'll have to wait until it gets dark I guess," he decided at last. "I might just as well try and get some sleep." But when he tried to sleep, he found that his hands relaxed and the worms endeavored to crawl away.

The moon rose, and shone brightly over the garden and the palace. Toppy had thought that he could slip away under cover of the dark, but he knew now that the moving bushes

McCormick Reaper Centennial Celebration and Power Farming Entertainment

JUST one hundred years ago Cyrus Hall McCormick gave the world its first reaper. That was in 1831. Now, in 1931, we celebrate the centenary of that great event. We want you to come in and be our guest for a day. A special program has been arranged for your complete enjoyment. Two miles of highly interesting motion pictures—short talks on subjects of interest to every farmer—and a free lunch at noon for everyone. Plan now to be with us.

A full-page, working reproduction of the original 1831 reaper will be on display.

You will also see the five-reel motion picture "Romance of the Reaper," recently filmed to celebrate the 100th anniversary of the invention of the McCormick Re却er.

FIFTH TOURNAMENT CHAMPIONSHIP AGAIN SOUGHT BY ANTIOCH

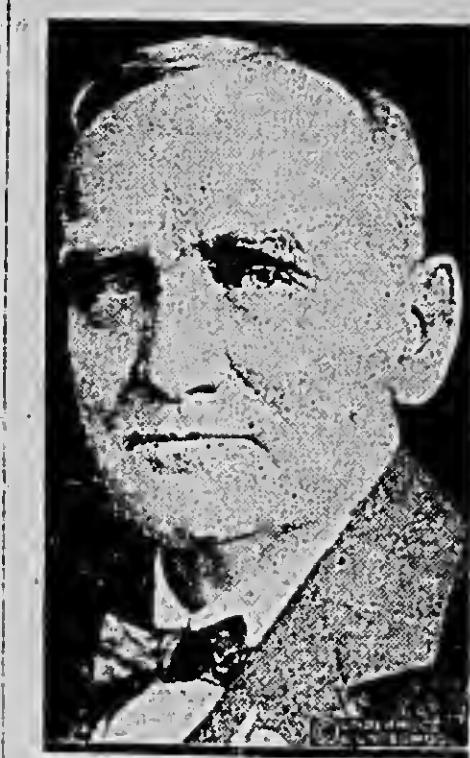

Strive to Keep Title Held
Four Years; Bensenville
First Opponent

Will Antioch go sailing through the fifth annual Northwest basketball tournament to be held at Libertyville on January 29, 30 and 31, this year, for its fifth championship? That is what many fans are wondering, a week before the tournament opens. According to figures and standings of the teams, it doesn't appear that the loophole is large enough, but Antioch, by some means, miraculously and incomprehensibly to the other teams, has upset dope before. Regardless of the season's race, they have hitherto been capable of priming for the tournament.

Bensenville, the second place winner a year ago, is the team which Antioch will play first this year on Friday evening. Palatine, Arlington Heights and Wauconda are, at present, tied for first place with four wins and one loss each. Warren follows with three victories and one loss. Libertyville and Leyden pair with three wins and two defeats. Antioch has been defeated three times, winning two games. Bensenville has one game out of five to their credit, while Ela and Barrington trail with five defeats. Tournament drawings were announced last week.

Appropriate trophies have been purchased, such that the first four winners will receive a trophy of some kind.

The entire conference is looking forward to the tournament with great anticipation and anxiety. It has grown to be quite an event in the conference and unquestionably the season will bring forth more friendly but high pitched rivalry than does the district tournament.

IS CHARGED WITH TAKING OUT WIS. RESIDENT LICENSE

A charge of signing an affidavit stating that he was a resident of Wisconsin, so that he might take advantage of the \$1 hunting license fee, was brought against Earl Sorensen, of Channel Lake, by Kenosha county officials last week. Sorensen, the first from Lake county to be summoned, gave bond for \$700 and will plead not guilty.

The Wisconsin rate for non-resident hunters is \$25, and the rate for shooting deer is \$50, while to Wisconsin dwellers it is only 50 cents.

Others from border counties will no doubt be receiving summonses soon, as a check-up is now being made.

Looking something like the ancestral home of a British baron is this new \$1,000,000 reformatory for Illinois women, just completed at Dwight. The institution is a radical departure from the conventional building housing criminals. It is rather an illustration of esthetic unity than the regulation type of building for corrective purposes.

Let's do a little figuring

Maybe you can have that
Frigidaire now

CHANCES are you've been postponing getting your Frigidaire until your ship comes in. Well, now, let's get out a pencil and do a little figuring. Probably it's not going to strain your budget if you order it today.

Suppose yours is an average-size family and you will need an average-size Frigidaire—the popular six-cubic foot model. You can buy it the "Little by Little" way for only \$10 down and spread the balance over two years with only a nominal carrying charge.

When you figure just what Frigidaire gives in service . . . healthy year-round refrigeration . . . plenty of ice cubes at all times . . . a freezing compartment for salads and desserts . . . a compartment for reviving wilted vegetables . . . ample storage space for keeping foods and left-overs fresh and tasty . . . it's easy to agree with the people who rank electric refrigeration as the greatest convenience available to the home, next to electric light.

Step into your Public Service Store or phone for a man to call at your home. We'd like to tell you all about buying Frigidaire the "Little by Little" way.

SINGOOT OF SUMATRA

Kangy and I were ashore on th' Island of Sumatra, seein' th' sights and havin' a good time. We were walkin' along one of th' native streets when a Malay hove alongside with a monkey on his shoulder.

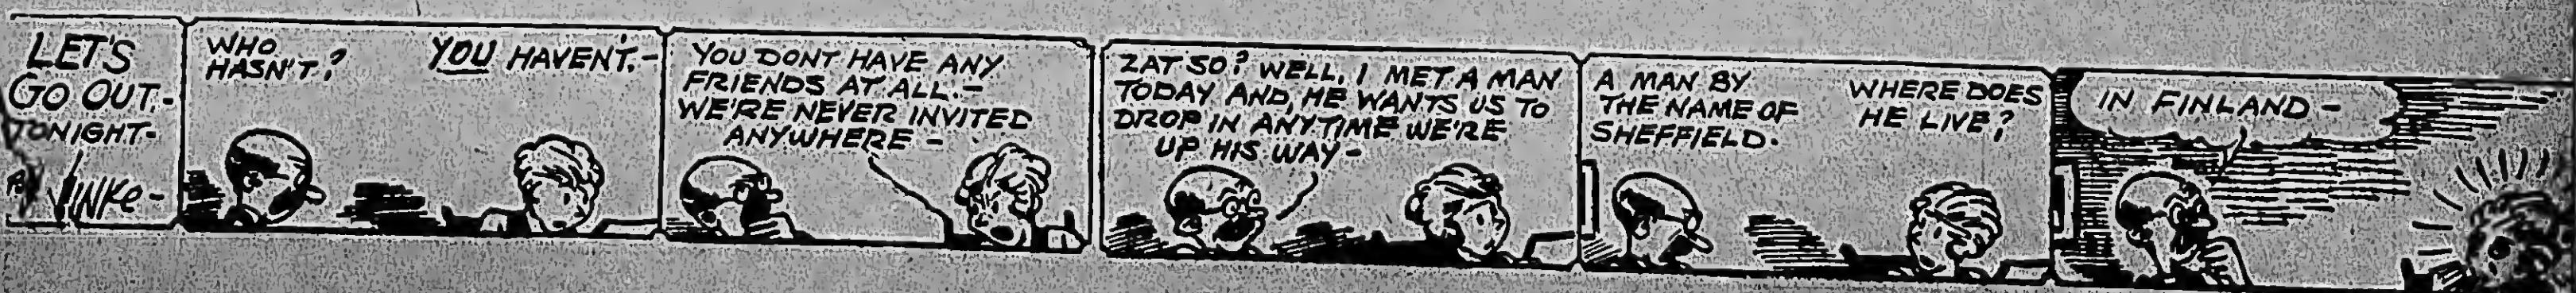

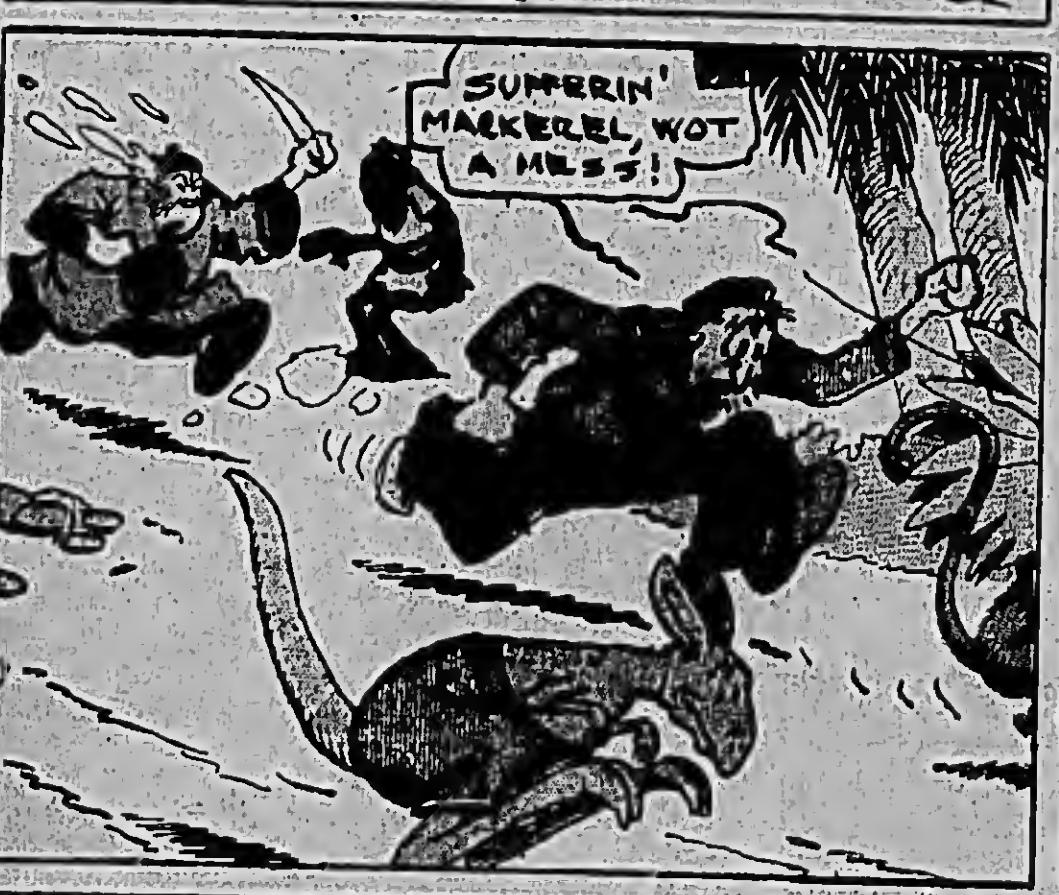

Th' native began jabberin' in pidgin English, tellin' me how smart th' monkey was. Then he whispered somethin' in th' monkey's ear and dash my toplights if that little fellow didn't commence to dance and sing in monkey language. Kangy wiggled his whiskers and grinned.

Well sir, to make a long story short, I bought th' monkey. Just after we'd gotten under way again I stopped to buy some fruit. All at once a rumpus started back of me. I looked around and there was that dabbuted monkey smashin' a basket of eggs on a high-toned Chinaman's head. I knew that as soon as th'

Chinaman got th' scrambled eggs out of his eyes there would be trouble, so we skipped in a hurry.

Soon I figured we were safe I gave that a monkey a good dressin' down in pidgin English. Near us a fat white man was leavin' back on a cane, buyin' a vase from a native. I turned to see if th' Chinaman was after us. Right then th' monkey got busy, slipped up behind th' fat man, wrapped his tail around th' cane and yanked it away. Down went th' fat man, on top of some of th' vases that were on th' ground. Wow, what a crash!

Later, from our perch in a palm-tree where we had hidden, Kangy and I watched th' monkey streakin' down th' road with th' fat man, a lot of natives, and th' Chinaman, too, after him. In my next yarn I'll tell you some more about th' singin' monkey.
